Date: July 12, 2002

Mr. Mike Fowles
U.S. Army Corps of Engineers
Fish and Wildlife Office
RD #1, Box 703
Saltsburg, PA 15681-9302

Dear Mr. Fowles

On June 17-20, 2002, I conducted aerial surveys for gypsy moth-caused tree defoliation at Berlin Lake, Conemaugh River Lake, Crooked Creek Lake, East Branch Lake, Kinzua Dam, Michael J Kirwan Dam, Loyalhanna Lake, Mahoning Creek Lake, Mosquito Creek Lake, Shenango River Lake, Tionesta Lake, Tygart Lake, Union City Reservoir, Woodcock Creek Lake and Youghiogheny River Lake. I am pleased to report that no defoliation was detected at, or in the vicinity of, any of your sites.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2003, please contact Brad Onken or me by letter or telephone (304) 285-1541 before August 22, 2002.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

Rodney L. Whiteman
